

B.Arch. Fourth Semester (Architecture) (CGS)
10028 : Architecture Design - IV : 04 AR 01

P. Pages : 2

Time : Twelve Hours

AU - 2612

Max. Marks : 100

- Notes :
1. Answer Only **One** question.
 2. Assume suitable data wherever necessary.

Instructions

- 1) Assume suitable areas for different functional requirements. Add reasonable built and unbuilt spaces if required.
- 2) Due importance should be given to natural ventilation and hierarchical circulation in the designed spaces.
- 3) Students should not take away the first day's work at home in any format. Use of Architectural data book/tables at the time of exam is not allowed. Sequential work and neatness will be given importance.
- 4) Requirements of submission.
 - i) Day one submission :
 - a) Circulation study, line plan, area analysis. 10
 - b) Requirement re-grouping, design concept etc. 10
 - ii) Site plan showing entry, exit, parking, co-relation of built and unbuilt spaces by landscaping areas. 15
 - iii) All floor plans with necessary furniture layout. 25
 - iv) Two interesting elevations. 15
 - v) One building section passing through staircase, toilets, interesting building spaces to be explained. 15
 - vi) Building view. 10

GAMING ARENA

Requirements :

- 1) Entrance porch, waiting area, enquiry desk = 30 sq. m.
- 2) Registration desk, office area and managers office = 40 sq. m.
- 3) Changing room with lockers for male and female = 20 sq. m. each
- 4) Wash room with 4 shower cubicles, WC's 2 no., urinals and wash basins adequate numbers for male and female = adequate area.

- 5) Gymnasium Hall = 50 sq. m.
- 6) Yoga and Meditation hall = 50 sq. m.
- 7) Instructor's Room = 20 sq. m.
- 8) Refreshment area including outdoor seating for 20 people of 30 sq. m. and kitchen and ancillary service area of 15 sq. m.

The plot size is 40 M x 60 M. The road of 12 M is on shorter side of the plot which faces the East. provide proper spill over spaces on the front side to create inviting character and place parking activity accordingly. Leave adequate setbacks from all sides of the plot.

MOTEL

The site lies on a busy road connecting two big cities. The plot size is 40 M x 60 M, facing the road on East side, of the shorter side of the plot. Road width is 15 M. Adequate set backs are to be provided. Provide parking for 4 wheelers and 2 wheelers which would be easily accessible by the users but not creating visual blockage at the entrance. Treat entrance areas in inverting ways providing the users a relaxed feeling by giving spill over spaces for visual relaxation and circulation areas.

Requirements :

- 1) Entrance porch, Lobby and Waiting space – 20 sq. m.
- 2) Covered eating Hall – 40 sq. m.
- 3) Open eating area – 40 sq. m.
- 4) Kitchen and allied service area = 32 sq. m.
- 5) Kitchen store and utility – 15 sq. m.
- 6) Store for ice-creams and cold drinks – 10 sq. m.
- 7) Space for cash counter and managers cabin – 15 sq. m.
- 8) Family dining – 40 sq. m.
- 9) Outdoor children's play area – 40 sq. m.
- 10) Washroom for male and female = adequate area.
